Salmon Bay School Elementary Science Fair

Tuesday, April 7, 2014

7:00 – 8:30

All Salmon Bay School Elementary students are encouraged to start thinking about science ideas that fascinate them and join us by participating in our annual science fair. ***All students and all ideas – big or small – are welcome!*** Individual student presentations can consist of poster reports, display or models, demonstrations, or hands-on activities for viewer participation. Joint parent-student presentations are welcome, as well as presentations by parents or other family members who would like to share with the children some aspects of science that interests them or that is involved in their work.

When you know what you and/or your child want to present, please fill out the form below and return it to your child's teacher or to the envelope outside Jodi Russell's office.

If you have any questions, please contact Jodi Russell (jirussell@seattleschools.org)

Please turn in completed forms by Friday, April 3rd.

Salmon Bay School 2015 Science Fair *Participation Form*
